About Us: POP YACHTS SALES
Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

Great Deck Boat - up to 12 people! Mercruiser 4.5L
- 200hp engine! Fun on the Water!

Looking for an affordable deck boat that can
accommodate up to 12 people? Your search is over!
This StarStep 221 IO is powered by the Mercruiser
4.5L engine and the Mercruiser Alpha One Outdrive
that delivers up to 200 hp of fun on the water!

This boat is in good condition and ready to hit the
water - the layout is great for a family fun day at the
lake! Lounge options at the rear sunpad, aft-facing
bench seat, or the lounge seat in the cockpit opposite
the helm. The seat back for the lounge opposite the
helm is shown in the storage compartment.

There are built-in ice chests and lots of seating
options available for everyone. The large rear swim
platform and bow platform have SeaDek flooring for

safe and secure footing, and the swim ladders at both the front (bow) and rear (aft) make it quick and easy to get back in the boat after tubing, skiing, or just a quick dip in the lake.

The MediaMaster 50 Bluetooth Stereo by JL Audio, with 4 JL Speakers throughout the boat, provides great music either over the air or via Bluetooth from your smartphone. Listen to your favorite songs all day long!

The boat has a large bimini top and a full boat cover. Multiple storage compartments are under the seats, and the engine compartment is easy to access below the aft sun pad.

The battery is also located in the engine compartment.

This boat is equipped with the Mercury Active Trim system, which aids in adjusting the Trim on the outdrive for you. There are four modes of operation: Idle Speed, Acceleration Speed, Planning Speed, and override Mode. Note that Active Trim can not detect water depth and will not trim up automatically to avoid shallow water obstacles.

Don't hesitate to contact me with any questions or to schedule an appointment to see this one in person - you won't be disappointed!

This listing is new to market. Any reasonable offer may be accepted. Submit an offer today!

Reason for selling is upgrading to a newer boat.
