This vessel is offered subject to prior sale, price change, or withdrawal without notice.

Manufacturer Provided Description

For those who believe the view is always better at the top, the Sea Ray 450 Express Bridge provides a great spot to enjoy it from. It's long and wide with a generous beam of 14 feet 8 inches to offer plenty of space for entertaining, and plush sleeping accommodations for up to six people. The walk-through bridge features an adjustable captain's chair, forward and aft bench seats with storage below, a wetbar with ice maker, and a snap-in carpet. The helm is the finest control station

ever designed by Sea Ray for optimum visibility, and easy access to a host of standard electronics and digital LCD systems monitors. Also standard are the bridge cover, cocktail table, and Clarion AM-FM digital cassette stereo with a six-disc CD changer, subwoofer, six speakers, and remote controls. The aft cockpit has abundant storage in the transom wall, which also features a convenient fold-down seat. Dual transom doors open out to the large fiberglass swim platform (with its own concealed ladder) and there are molded fiberglass cockpit stairs for easy boarding. In the spacious, well-lit cabin of Sea Ray 450 Express Bridge, the salon provides a homelike setting surrounded by granite-look countertops and tables, handcrafted wood trim, plush throw pillows, and deep-pile marine carpet. The comfortable U-shaped sofa - dinette invites guests to take their leisure while enjoying the TV - VCR - radio combination, and Clarion AM-FM digital cassette with a six-disc CD changer and six speakers. In the galley, there's plenty of room for cooking and provisions

with a three-burner electric stove, refrigerator and freezer, microwave - convection oven, coffee maker and more. Plenty of storage space can be found in upper and lower cabinet space and in a floor storage compartment. Serving meals is also easy at the breakfast bar. Even cleanups are made worry-free with custom-molded fiberglass countertops and a concealed trash receptacle. The Sea Ray 450 Express Bridge has private accommodations, including a forward stateroom with full-size bed and innerspring mattress, entertainment center with TV - VCR - radio combination, and storage space including enclosed gunwale cabinets. The master shower and head area is complete with a VacuFlush toilet and power vent, vanity, sink, and mirrored medicine cabinet. In the guest stateroom, there's a full-size bed, and plenty of built-in storage along with its own private VacuFlush head and shower. And there's a third stateroom aft with yet another full-sized bed, abundant storage areas, and a washer and dryer.

The 450 Express Bridge, with standard twin 340 horsepower Caterpillar V-drives and a meticulously crafted hull, provides outstanding performance while the patented underwater exhaust system keeps the ride quiet as well. A standard 8.0 kW diesel generator provides added security while a host of upgrades - including autopilot, hydraulic marine lift swim platform, and more - enable Express Bridge owners to set their own standards of excellence for cruising the high seas.

Equipment List

Sea Ray 450 Express
Bridge Specifications -
Standard Equipment Hull
and Deck - 316 Stainless
Steel Bow Rail (1 1-8"
Diameter) - 316 Welded

w- Flush Holder - Life
Jackets (8) - Ring Buoy
(19")
Additional Information

She has just had Brand
New Sea Ray Complete
Factory Canvass Package
installed (\$10,000), as
well as fresh bottom paint
done and much more .
This vessel is the owners
baby, nothing but the best
! Factory Parts. Take
advantage of an educated
owners foresight. She is
turn key and ready for
spring !

This beautiful low hour
Uniquely laid out 3 State
Room Fly Bridge is up for
sale. SHE SPENT HER
WHOLE LIFE IN SAN
DIEGO BAY !!!!!!! Her
first ocean cruise was to
Newport Beach on

4/17/2012. BABIED

BABIED BABIED. I just unpacked the bedding , it was never used. The boat has Never been Slept In or Cooked in. The Stove has never been used !!!! The owners plans have changed and she needs a new home. She has been babied and low hours on her 450 H.P. Cummins Diesels. She is fully loaded and has some very different features. This vessel has the RARE LIGHT OAK , and color coordinated countertops not the Dark Wood, she has a very modern contemporary look in her cabin. She is an Express Bridge. She basically is a 450 Sea Ray Sundancer performance hull with a low profile fly bridge. Great Performance and speed. She has molded steps up to the bridge that most may go up to the bridge without any problems. One unique feature is her walk through windshield off of the bridge leading down to the bow seating. She also sports an awesome cockpit and swim step (Huge) , a real boaters dream. She is a Great scuba or fishing boat. Take a look as this boat as this may be the layout that you have been looking for all of these years ! Buy

from an experienced Sea
Ray Sales and Service
Expert that knows this
boat from bow to stern .
Call today for a
personalized inspection.
