CUSTOM QUALITY

BUILD

Most of the Atlantic

Motoryachts are built to

satisfy the personal taste

of the owners. From the

Atlantic 460 to the

prestigious Atlantic

56HT, the interior is

completely custom build.

With Custom Quality

Build we mean as much

as: "You can design the

complete interior of your

own version of the

Atlantic Motoryacht of

your choice. We build it,

if technically possible!â€œ With our interior designers we will discuss your wishes, from Lay-out to styling, and find your exact demands. Our meaning of Custom Quality Build is: 'Exceeding what the client expects'. Our team closely monitors the quality in every detail, whether that is technical finish or performance, to ensure the full satisfaction of the owner.

Standard Features

Standard features: Air conditioning total 36000 Btu Hydraulic gangway LCD TV DVD/CD player & surround system Navigation system * Raymarine Autopilot ST 7001 plus Camera/pc. In engine room or aft deck, connected to plotter Satellite antenna Trac Vision 3 Teak on aft deck Teak decking aft deck steps Teak decking bathing platform Teak decking on side decks Deep freezer Dishwasher Stern thruster, 160 kgf includes 2 batteries and anode Generator 12 KW** Crew room Search light with remote control Covers for front and side windows Combi antennae radio and telephone Cup/glass holder stainless steel at steering position Stainless steel chain

fastening / chain upper deck Safe Lift system for LCD TV in saloon Inverter 2000 watt Radar reflector in round shape Toilet electrical in front cabin Sun canopy on aft deck closed all around Washing and drying combination The price off all extras includes installation in new build ships. * navigation system is limited towards to an amount of Euro 15.000 excl vat In all our publications, speeds are approximate. Additional items such as tenders, life rafts, outboards etc. adding weight to the boat may reduce performance. Engines.

Fitted with twin new, innovative 6 cylinder Volvo Penta IPS engines, 435 hp per engine, Volvo Penta IPS -Inboard Performance System - is an inboard innovation. Compared to the present inboard engines Volvo Penta IPS offers the following advantages:

• 35% more output;
• 20% higher top speed;
• 15% faster acceleration;
• 30% lower fuel consumption;
• 50% less noise vibration.

Volvo Penta IPS engines
render a bow propeller
and stern propeller
superfluous. For more
information on IPS see
volvopenta website

Innovation: The Atlantic
56 Twin Deck.
Commissioned by
Atlantic Motoryachts,
Vripack Naval Architects
of Sneek have developed
an entirely new Atlantic,
the 56 twin deck. In a
market where there is
much supply, but also
much of the same,
Atlantic Motoryachts now
brings a revolutionary
design:
Everything has been
finished flush with the
surface as much as
possible, such as:

+anchor assembly
concealed below deck;
+storage fenders below
deck;
+ Concealed hydraulic
passerelle/gangway.
+Tender storage space
with 3.30 m diesel tender,
jet propulsion;
Fitted with twin new,
innovative 6 cylinder
Volvo Penta IPS engines,
435 hp per engine, Volvo
Penta IPS -Inboard
Performance System - is
an inboard innovation.
