Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

Classic Sailing Vessel, lots of work done to it, ready for a new owner, come see how nice!

This Nor'sea 27 is a great little boat that is almost ready to splash back in the water for the next owner. This is a good strong bluewater boat according to the owner,

The boat has been sitting on the trailer for at least ten years and is equipped with a Yanmar 2GM, 15hp diesel engine that has never been run. There is also a new fuel tank installed about 10 years ago that has never had fuel in it.

Two years ago, the whole electrical system was replaced professionally with the latest equipment. Trojan batteries (2), charger, new radar, depth sounder, properly sized bilge pump, Monitor wind vane, LED exterior lighting. It still has the original

interior lights though.

There is a coast guard approved composting toilet, three anchors, and many more extras.

The owner is willing to deliver it locally if necessary.
