Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

The appeal of the 336 for today's used-boat buyer lies in her unique interior, comfortable ride, and sturdy construction. Inside, The Ultra Vee's mid cabin is actually the master stateroom with partial standing headroom, a privacy door, and direct access to the head. A completely innovative floor plan made possible by her elevated helm seat.

A total of eight opening hull ports and three deck hatches provide excellent cabin ventilation, and headroom in the galley area is well over 6 feet.

In the cockpit, bench seating is built into the transom and twin removable hatches in the floor access the engine compartment. Visibility from the raised helm

seat is about as good as it gets in a boat of this type.

Built on a modified-V hull with prop pockets, twin 350hp gas inboards cruise at an easy 20 knots and reach a top speed of 28-30 knots.
