About Us: POP YACHTS SALES
Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

Built: 2006

Description: Stock #269868 -

Excellent condition Glastron GX180! Low hours!
Custom tower! Loaded and ready to hit the water!

Starting with the SSV (Super Stable Hull) is the
biggest reason Glaston's runabout's plane, run and
corner so well.

It is one of the best performing hulls on the market.

2006 was the Glastron 50th anniversary. This was
one of the boats where they used their patented VEC
Technology in their hulls which is a Closed-molded
process.

A fiberglass stringer system is an integral part of the
hull.

There is also a unitized deck and fLoor it is all
fabricated out of one single fiberglass component.

All of this makes a lighter yet stronger boat.

The 150 HP Yamaha drives the boat to its greatest potential whether you are wakeboarding, skiing, or tubing. The seller estimates there are on 300 hours on the engine.

If you are ready for a wet summer of fun and excitement this boat is sure to give that to you.

See what Glastron has to offer!

We are looking for people all over the country who share our love for boats. If you have a passion for our product and like the idea of working from home, please visit [SellBoatsAndRVs \[dot\] com](http://SellBoatsAndRVs.com) to learn more.
