Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

Big Diesel Sportfisher with upper helm controls and
Garmin Electronics !! Efficient Caterpillar 7.2L
Power !!

The Travis Yachts 30 is a big, beamy, custom
sportsfisher that is made for bluewater fishing. The
Carolina-style flared hull and 420 HP Caterpillar
diesel power deliver the platform and efficiency to
head out for several days before refilling the tanks.

The Travis incorporates a lower helm with full
instrumentation and electronics and a second helm
integrated into the marlin tower for ultimate
visibility. The Garmin GPSmap 1040xs and Garmin
741xs units are linked. The helm station also
includes a Raymarine VHF radio and a Si-Tex
SP-80 autopilot. A Uniden VHF radio is stationed at
the tower helm.

The wide and deep aft deck is set up for bluewater fishing with fighting chair rod holders, rocket launchers, outriggers, a live well at the transom, insulated fish boxes, and isinglass protection below the hardtop. The big scuppers at the transom with fresh- and raw-water washdowns make the working deck of this vessel efficient and orderly.

A/C and D/C breaker panels are updated as is the Boss Audio sound system which is Bluetooth enabled. Lights onboard have been converted to LED.
