About Us: POP YACHTS SALES
Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

Description: Stock #300194 -

26M refitted with updated equipment over the last 2-3 years. Mercury 60 HP command thrust outboard engine!

This 2006 MacGregor 26M in Pella, IA is a great boat for families or serious daysailers alike. This is a trailerable sailboat that can pull young skiers or tubers with the Mercury 60 HP outboard or just spend a quiet day sailing on the lake or ocean.

It is easy to sail, and it can be in the water and under sail in minutes; small enough to trailer and yet big enough to sleep six if you want to stay out for the weekend.

The boat and trailer are light enough that it does not require a big truck to pull it to your favorite lake and bring it home to avoid costly slip fees. The narrow beam checks in under eight feet so it can be towed

anywhere in the USA on its double-axle trailer.

All of the sailing lines are rigged to the cockpit for easy sailing or single-handed sailing when not under the power of the outboard.

There is six feet of headroom in the surprisingly spacious cabin. You have an aft queen berth and a forward double berth along with 2 single berths. The galley has plenty of counter space to spend the weekend.

A retractable daggerboard and rudder leave you with 12 inches of draft so you can sail into almost any cove and drop anchor for the night.

Raising and lowering the mast is very easy with the Mast Raising System. The MacGregor will even allow you to lower the mast as you approach a bridge.

We are looking for people all over the country who share our love for boats. If you have a passion for our product and like the idea of working from home, please visit [WhereFreedomTakesYou \[dot\] com](http://WhereFreedomTakesYou.com) to learn more.
