Advantage high performance boats are manufactured
in the heart of the HP boat race community -
Arizona.

The 32 foot stunning blue Victory is the classic
example of a blazing performance boat with racing
chines and lines, large engines with power to go fast
and long, and outdrives to propel the boat to the
finish line.

The engines sport Hardin Marine Generation 7
Stainless Steel Sea Pumps, K & N air filters. and
closed cooling systems.

The IMCO Hydraulic Steering is highlighted by the pretty stainless steel hardware on the transom. The B Blades professional props work the Mercury 4 blade props at a 28 degree pitch to give more mid-range acceleration.

The interior masters 4 professional seats with the addition of a long bench seat. The cabin has two facing lounge seats and a sleeping berth all in the bow of the boat. The helm is totally ready with all the gauges to monitor your ride.

The top of the boat needs the gel coat repaired from oxidation to bring back its glow. Recent detail July 2022 has made a difference.
