Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

1996 Grady White Center Console 26' - Model
Chase 263- Powered by Dual 2013 Evinrude E-TEC
Outboards!

Grady-White sets the standard for high-quality boats. This boat is great example of one of their most popular models. The 263 Chase is a hardcore fishing machine, that is also comfortable to spend the day on the water with your family.

The boat has raised seating on the bow and seating in front of the console. Also, a built-in bench seat in the stern and a raised leaning post for the captain.

There is plenty of storage for all your gear. There is lockable rod storage on each side of the boat (rods not included). The console has plenty of room for a porta-potty for convenience. Store your tackle behind the captain's seat.

The oversized T-top will provide plenty of shade. The electronics box has a stereo, VHF radio and Garmin GPS. On the helm there are gauges, switches, and a Lowrance fishfinder-tracker-plotter.

Don't let age fool you. These 2013 engines run great with their original low hours. They have been very reliable and well maintained, the owner confirms.

We are looking for people all over the country who share our love for boats. If you have a passion for our product and like the idea of working from home, please visit [WhereFreedomTakesYou \[dot\] com](http://WhereFreedomTakesYou.com) to learn more.
