Experienced Sales + Customer Service

The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

40TH Anniversary Edition, Built 700 HP engine, 90 MPH, Merc Race Drive! Only 40 made!

Here is a real hot rod on the water! This is a limited production 40th Anniversary Donzi 22, with a built 700 hp engine, Mercruiser high speed lower unit - a 90 mph boat per the seller. Has the external Latham steering and heavy duty K-plane tabs. 53 hours on engine rebuild per seller - done early 2021.

She is beautifully done - with a bright yellow hull and matching interior. She comes with a nice aluminum trailer and has a full cover to keep her pretty.

The cockpit helm has two bucket seats and a cozy bench seat for three adults. Boat was previously a fresh water boat, and the seller has owned her for

about three years and indicated boat has been run in brackish river water here in Florida.

Seller indicates the following has been done to the engine by previous owner - just before he bought it about four years ago: 1) it's a 502 engine, built out producing 720 HP 2) Customs oversized pistons and rings. 3) titanium rods 4) Cam 5) Holly sniper fuel injection. 6) Merc cruiser race tabs. 7) Custom built header system. Seller had the injection done(5).
