Experienced Sales + Customer Service

The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

2003 Super Sport Nautique 210 by Correct
Craft...really nice!

This Super Sport Nautique 210 manufactured by
Correct Craft is in terrific condition!

Because it is stored in a secure storage vault and has
received thoughtful care from its owners, the boat
shows really well.

The hull glistens! Decals are about 99% good in my
estimation; there are only a couple of places where
the decals have been rubbed on by docking or
trailerling.

Powered by the Vortec Excalibur 330 V-8 gas
engine.

Most importantly, the Super Sport's wake is a
favorite among this generation of Correct Craft
boats.

There are so many features packed into this particular boat such as the keyless ignition system with multiple, programmable ignition codes.

In October of 2020 the owner hired a professional marine shop to install new analog instrument cluster, see photos.

The folding wakeboard / speaker tower is in very good condition.

Included is a very stable and good looking swim platform which makes the overall length of the boat 22' 06\".
