Built:	1993

Additional information

Description

Stock #343989 - This 2700 Sportsman is a fishing machine! Twin Suzuki 175s, Garmin electronics, trailer included! Includes all accessories - price is firm. This is a well maintained 1993 Pro-Line 2700 Sportsman center console. The deep-V hull is designed to comfortably slice through heavy seas. A pair of 2013 Suzuki 175 HP 4-stroke engines provide economic power to spare. Bow to stern, a lot of thought was put into incorporating the best use of space with storage areas not usually found on a boat this size, yet still not sacrificing functionality from the fishing standpoint. Fish boxes, live wells, rod or gaff storage, are all things there is seldom enough of. These are all addressed with the thoughtful design of this boat. The helm station is set up to display all instruments and controls and to have them within easy reach. The electronics include a Garmin GPS-fishfinder and chart map and a VHF radio which are kept high and dry in the box above the console along with the stereo control. There is no shortage of rod holders in the gunwale, the rocket launcher and in the helm seat. Additional rod holders are on the top as well as deck lights, rigger bases and VHF antennae. The cockpit has fish boxes built in and the transom has a tool / knife holder, sink and cleaning station. Washdown controls are also built into the transom. All in all a great package for someone who wants to go fishing tomorrow and isn't looking for a project before being ready to go. A great boat in good shape with good power and trailer. Let's go fishingWe are looking for people all over the country who share our love for boats.
