The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. Great Azure with many extras, only 2 owners, lower hours, cruise in style aboard her

The 2013 Cruisers 278 SS is a very versatile vessel. She has a swallowtail swim platform that will catch your eye from the dock.

The shape of the platform is intended to reduce the boat's turning radius and make it easier to handle in tight confines.

The convertible lounge over the motor box is an awesome feature, Its backrest may be adjusted to face aft or forward, or placed horizontal within the cockpit to create a larger sun pad.

The pad on the engine box is also part of a wraparound seating arrangement in the cockpit. A 48-quart cooler is stashed below the port seat.

There's finished stowage under the other seats, and two large in-deck lockers including one deep enough to hold a mooring cover. The snap in carpets were also opted for on this vessel

The head compartment is well-finished fiberglass -- no glued-on carpet here -- with a wide door, an opening port and plenty of headroom for those most likely to use it. They have never used the head or showers on her.

If you are looking for a bowrider with class look no further than this Cruiser Yacht.
