Experienced Sales + Customer Service

The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

2016 PARKER 2100 SE Shallow draft design With
Low Hours ready to fish!

This Parker Marine 2100 SE is a well-designed fishing boat. She is roomy, stable, and easy on the wallet.

The Parker is well built, and while the boat is less expensive than many others out there, she does not suffer in the fit and finish department. There is plenty of unobstructed fishing space forward of the console.

This is the shallow-draft \"Special Edition\" model with modified-V hull.

This boat is powered by the venerable four-stroke 150 HP Yamaha outboard that provides one with all the power and fuel economy one could ask for in this size boat.
