Experienced Sales + Customer Service

The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

Description: Stock #400472 -

310I center console repowered with Cummins QSC 8.3 turbo diesel in 2012!

This SeaVee 310I Center Console is built for big water - it is extremely seaworthy and is loaded with tons of upgrades including a newer 24-inch Garmin 8624, a Phantom Radar Dome and fuel tanks and delivery system.

The boat is powered by a Cummins QSC 8.3 turbo diesel. Per the seller, the diesel engine is perfectly tuned to raise fish and is super efficient. In optimal conditions, it gets nearly 2 miles per gallon. With a forward cabin, you have plenty of storage space but still have 360 degree fishing!

The hard top provides a break from the sun. The helm has a new Auto Pilot--electronics already mentioned. Plus, the boat is equipped with a Bow Thruster. The boat has been rewired with a NEMA

2000 wiring harness with organized cable trays.
Everything is clearly labeled and all new ground
wiring and terminations are throughout the boat.

If you are looking for a serious fishing machine -
look no further - you will want to check this one out!
