Description

Stock #509463 - Custom 2021 Robalo 226 Cayman! Yamaha 200, SOLIX 12, Ulterra, SeaDek, JL Audio, Tournament Livewell & Aluminum Trailer! This 2021 Robalo 226 Cayman is a highly customized bay boat equipped for serious fishing, watersports, and comfortable family outings. Powered by a Yamaha 200 HP four-stroke outboard, this Robalo combines a versatile shallow-water hull with an extensive collection of thoughtfully selected upgrades.**One of its most distinctive features is the custom fold-down leaning post and folding console grab rail.** These modifications were designed to allow the boat and trailer to fit beneath an approximately eight-foot garage door, making indoor storage practical for owners who might otherwise need a taller storage facility. The leaning post features matching custom upholstery, and the boat also includes an integrated ski tow point. The cockpit features custom SeaDek flooring professionally installed by Motion Marine in March 2025. A striking custom hull wrap, installed by Ugly Signs of Macon in April 2025, complements the boat's appearance. The combination of the custom wrap, upgraded flooring, and coordinated upholstery gives this Cayman a distinctive look. At the helm, a Humminbird SOLIX 12 multifunction display, installed in February 2025, is networked with the Minn Kota Ulterra trolling motor. The system provides an integrated fishing and navigation setup, with upgraded mapping software. The precise mapping package and transducer configuration are being verified. Music enthusiasts will appreciate the professionally installed JL Audio marine sound system by AVC Marine. It includes six JL Audio M3 speakers, a JL Audio XDM600 amplifier, and an M3 10IB subwoofer. LED speaker rings, custom blue interior accent lighting, and underwater lights further enhance the atmosphere for evening cruising and entertaining. Fishing features include multiple stainless-steel flush-mounted rod holders, with five positioned along each gunwale, additional combination rod and beverage holders, and custom powder-coated trolling outriggers.A particularly noteworthy addition is the custom removable

100-gallon tournament livewell. This system includes dedicated power from a lithium battery and integrated water supply and drainage connections. Its removable design provides flexibility for tournament fishing while allowing the bow area to be configured differently when the additional livewell capacity is not needed. The Robalo's bow casting platform, generous deck storage, cockpit seating, and open layout provide room for fishing and recreation. The boat has been used primarily in freshwater, with occasional coastal outings, and has been stored indoors in a climate-controlled facility. Included in the sale is a 2021 tandem-axle aluminum trailer equipped with surge brakes on both axles and Goodyear Endurance tires. The folding cockpit hardware adds to the convenience of trailering and indoor storage. Whether chasing fish in the shallows, enjoying a day on the water with family, or looking for a well-equipped bay boat with extensive custom features, this Robalo 226 Cayman offers a distinctive combination of performance, versatility, and thoughtful upgrades. This is a brand new listing, just on the market this week. Please submit all reasonable offers. Reason for selling is limited recent use.
