Description

Stock #505223 - This jet boat is powered by a Yamaha 1.8L SVHO engine with 250 HP. It comes with a 2017 Shorelander trailer. Stored undercover.2017 Yamaha SX195 - Yamaha Power. Everyday Fun. Only 72 hours! The 2017 SX195 is a compact 19-foot bowrider with an 8-foot beam, a dry weight of about 2,434 lbs, and room for eight. Under the hatch sits Yamaha's 1.8L Super Vortex High Output (SVHO) supercharged four-stroke, driving a jet pump. Independent tests of this generation put it on plane in about 2.5 seconds, to 30 MPH in the mid-5s, and near 52 MPH on top - with surprisingly efficient cruise for a jet. No exposed propeller. Draft around 13 inches. You can run skinny water or take it out on open water. Yamaha's articulating keel is the quiet hero. It helps the SX195 carve instead of slide, so turns stay planted when you're towing a tube or carving a slalom. Jet thrust plus that keel is why these boats feel more precise than older jet runabouts. Deep bow seating with wrap-around combings, a roomy cockpit, a swivel helm chair, and a large two-tier swim platform with padded lounge and telescoping ladder. Sun pad aft. Bimini for shade. Under-seat and in-floor storage for boards, anchors, and coolers. Marine stereo with Bluetooth so the soundtrack follows you from the ramp to the sandbar. Quality is the Yamaha habit: purpose-built marine powertrain, saltwater-capable driveline, clean service access, and the same company standing behind hull and motor. Fit and finish on the 195 series is a step up on this boat - better upholstery, grab rails, and details than "just a 19-footer" usually gets. This is the boat for Florida creeks, Gulf sandbars, and last-minute lake days. Trailer it, launch it, fill the 30-gallon tank, and go. Supercharged punch when you want it. Jet-drive simplicity when you don't. Yamaha quality either way. Ready for the water. Built to stay that way. This listing has now been on the market 30 days.
