Description

Stock #510775 - Low-hour 2013 Wellcraft 232 Fisherman center console with Yamaha 250 HP engine, custom T-top, premium Garmin electronics, and tandem-axle trailer. This 2013 Wellcraft 232 Fisherman center console is powered by a fuel-injected Yamaha 250 HP four-stroke outboard engine. The propulsion configuration includes a 3-blade stainless steel prop, outboard power tilt and trim, and hydraulic steering with a factory tilt wheel. The structural hull design features an aggressive deep-V layout with a 20-degree transom deadrise, heavy-duty rub rails, stainless steel cleats, and stainless steel handrails along the deck perimeter. An aluminum-frame T-top provides overhead protection and utility, with a canvas canopy, integrated gold-anodized rocket launchers, and rear deck spreader lights. For offshore trolling adjustments, the frame is fitted with integrated outrigger mounts. The dash helm layout is equipped with factory Yamaha Command Link digital engine management gauges, a flush-mounted Garmin GPSMAP touchscreen chartplotter and fishfinder combo, and a 25-watt Garmin VHF 100 marine radio with Class D Digital Selective Calling capability. Entertainment is supplied via a weatherproof, Bluetooth-enabled Kenwood KMR marine stereo receiver. The deck layout is organized for fishing and storage efficiency, featuring coaming pads, a transom livewell, four flush-mounted gunnel rod holders, side gunnel pole storage, and an integrated side storage tackle center.

The bow area contains two insulated forward fish and storage boxes. The step-down center console interior contains a full fiberglass liner housing an onboard dual 10-amp marine battery charger linked to the house and crank batteries. Transport and launching are managed by a 2014 Magic Tilt tandem-axle trailer equipped with surge disc brakes and vertical trailer guide-ons. Contact us today for more details or your private showing.
