Description

Stock #416326 - VERY NICELY RIGGED 2022 SEA FOX COMMANDER 288 CENTER CONSOLE! The 2022 Sea Fox 288 Commander is a 28-foot center-console offshore fishing boat powered by twin Yamaha F250 XCB four-stroke outboards, delivering a combined 500 horsepower with approximately 115 reported engine hours. Equipped with Optimus 360 joystick control, dual Garmin 8612xsv multifunction displays, Garmin autopilot, and extensive fishing equipment, this Sea Fox combines offshore capability with comfortable seating for family cruising. According to the seller, the boat has been stored indoors in a rack facility since new, helping protect it from prolonged outdoor exposure. The fishing-focused cockpit features a port-side dive door, a 30-gallon aquarium-style livewell, a 60-gallon center livewell, and two insulated in-floor fish boxes measuring approximately 40 gallons on the port side and 45 gallons on the starboard side. A bait preparation area, tackle center, eight stainless steel rod holders, under-gunwale rod storage, and seven hardtop rocket launchers provide dedicated storage and workspace for offshore fishing. At the helm, twin Garmin GPSMAP 8612xsv touchscreen chartplotters provide navigation and marine electronics functionality. Yamaha engine monitoring displays engine information, while the Dometic SeaStar Optimus electronic power steering and Optimus 360 joystick system assist with low-speed maneuvering and docking. Additional equipment includes Garmin autopilot with remote control, Lenco AutoGlide automatic trim tab control, and XM radio and mapping services. The Ultima fiberglass hardtop includes a moonroof, integrated storage compartments, lighting, and outrigger bases and controls. Two adjustable helm seats feature folding armrests and flip-up bolsters. The leaning-post station also includes a fold-down footrest, storage drawers, a slide-out 65-quart cooler, and freshwater and raw-water connections. For cruising and entertaining, the cockpit features a fold-down transom bench seat and additional padded seating near the swim platform and boarding ladder. The forward bow area

includes a 40-inch forward-facing lounge with folding armrests, convertible seating with fold-out backrests, and storage compartments. Removing the bow cushions creates additional casting-deck space for fishing. The enclosed step-down console compartment includes an electric ceramic marine toilet, freshwater sink, and access to electrical controls and battery systems, providing additional convenience during extended days on the water. An upgraded JL Audio marine sound system includes two amplifiers, two 10-inch subwoofers, and seven 6-inch speakers. Additional equipment includes an electric anchor windlass with bow and helm controls, cockpit coaming pads, soft decking, 14 cup holders, and multiple storage compartments. For buyers searching for a 2022 Sea Fox 288 Commander, a twin-Yamaha center-console fishing boat, an offshore fishing boat with joystick docking, or a family-friendly center console with an enclosed head, this Sea Fox offers a comprehensive combination of fishing equipment, navigation electronics, passenger seating, and low reported engine hours.
