Reference Number:	RF107578
Built:	2023
Condition:	Used

Additional information

Description

Stock #488223 - 252SD includes updated bimini top canvas and 2 recent batteries, tandem axle trailer and OEM mooring cover!A tremendous opportunity to purchase this lightly used 2023 Yamaha 252SD in very clean condition. With only 55 hours, it's barely broken in. The 2023 Yamaha 252SD presents itself as a modern expression of what a premium 25-foot recreational boat can be - sleek, social, and unapologetically engineered for both performance and comfort. At roughly 24 feet long with a broad beam, it sits confidently on the water, its sculpted fiberglass hull hinting at speed even while at rest. Step aboard and the first impression is space - open, inviting, and deliberately designed for people rather than just propulsion. The bow stretches forward with wraparound lounge seating, deep and plush, where adjustable backrests allow passengers to recline or sit upright as the mood shifts. Moving aft, the cockpit flows seamlessly into a central social hub, with premium upholstery, wide walkways, and thoughtful storage tucked beneath nearly every cushion. It feels less like a traditional boat interior and more like a floating lounge built for conversation and movement. At the stern, the 252SD reveals one of its defining personalities: a waterside living room. Yamaha's signature swim platform sits low and integrated into the hull, creating a natural extension of the boat into the water. Here, cushioned backrests, wet storage, and easy-access ladders encourage lingering - feet in the water, music playing, the boundary between boat and lake almost erased. Underneath its refined exterior, the boat carries a distinctly athletic heart. Twin high-output Yamaha marine engines drive a jet propulsion system that replaces traditional propellers with smooth, responsive thrust. The result is quick acceleration, shallow-water capability, and a sense of agility that feels closer to a personal watercraft than a bulky cruiser. Maneuvering, especially at low speeds, is enhanced by Yamaha's

DRiVE system, which uses dual paddle controls to give the captain precise, almost intuitive command when docking or navigating tight spaces. Technology is woven into the experience rather than bolted on. At the helm, a touchscreen command center manages navigation, engine data, and onboard systems, while drive-by-wire controls and preset modes simplify everything from cruising to towing watersports. Bluetooth-enabled audio, stern controls, and multiple charging points ensure the atmosphere stays connected and customizable throughout the day. Despite its performance edge, the 252SD leans heavily into comfort. With seating for up to 12 and a layout designed for flexibility, it adapts easily from high-energy tubing runs to slow sunset cruises. An extended service plan, EVERYTHING bow-to-Stern and is Transferrable to new owner! Good until December 2033. Don't miss this tremendous opportunity and feel free to call, text or email with your questions, to schedule an appointment to see it or to make an offer. Please submit any and ALL offers - your offer may be accepted! Submit your offer today! At Pop Yachts, we will always provide you with a TRUE representation of every vessel we market.
