Description

Stock #510063 - Own a piece of history, this 1992 Fountain 35 Lightning SC was custom built by Reggie Fountain specificially for NASCAR legend Rusty WallaceThis exceptional 1992 Fountain 35 Lightning SC is a standout performance boat with a documented history and a story that makes it especially unique. Built for NASCAR driver Rusty Wallace, this boat is accompanied by original Fountain factory performance documentation dated November 15, 1991, identifying Reggie Fountain as the test driver. It features a hull constructed with epoxy resin (1 of only 3 built using lightweight, ultra-strong epoxy resin instead of traditional resin and the only one built with the special SC configuration) and twin MerCruiser 454 SC engines that were rebuilt in 2020 and now produce an impressive 650 horsepower each, for a combined 1,300 horsepower. The engines are paired with Bravo drives, delivering serious performance in a classic Fountain design. The cockpit features distinctive custom yellow upholstery with red accents and embroidered Fountain 35 logos, individual bucket seats for the captain and passenger, wraparound seating, and a large aft sun pad featuring the bold 35 graphic. The custom yellow helm is equipped with an array of performance gauges, dual throttle and shift controls, and a stainless steering wheel. Below deck, the enclosed cabin offers a forward sleeping berth, wraparound lounge seating, a galley with countertop and sink, a cooktop, storage cabinetry, and a Frosty Nautique air-conditioning unit. With its striking custom appearance, powerful rebuilt engines, and documented connection to Reggie Fountain and Rusty Wallace, this 35 Lightning SC is a rare opportunity to own a distinctive piece of Fountain performance boat history.
