Stock #507758 - 2020 Super Air Nautique G23 Surf boat! Tri-axle trailer included! Cockpit heaters and heated seats! Great condition! This 2020 Super Air Nautique G23 is a premium wakeboard and wakesurf boat located in Paris, Texas. It has had just one previous owner and comes with a very nice upgraded tri-axle trailer with electric-over-hydraulic brakes and matching custom wheels. This G23 was equipped with virtually every available factory option, making it an especially well-appointed example of Nautique's flagship wake sports platform. With seating for up to 16 people, this 23-foot G23 provides plenty of room for family and friends while delivering the performance and technology serious wake sports enthusiasts are looking for. The boat is powered by a PCM 6.2L V8 inboard engine with 605 hours and is designed to deliver the power and performance needed for both wakeboarding and wakesurfing. One of the standout features is the integrated ballast system, with the ballast tanks located beneath the cockpit. This design helps keep the cockpit and seating areas open while providing additional storage space onboard. The ballast system can be used to customize the wake and wave for different riders and riding styles. The G23 is also equipped with premium comfort features, including heaters and heated seats, making it more enjoyable to spend time on the water during cooler weather. Combined with its extensive factory options, spacious interior, 102-inch beam, and V-drive configuration, this G23 offers an impressive combination of performance, comfort, and functionality. The upgraded tri-axle trailer is another highlight, featuring electric-over-hydraulic brakes and matching custom wheels. It provides a substantial and attractive setup for transporting this premium Nautique. If you're looking for a 2020 Nautique G23 with one previous owner, a powerful PCM 6.2L V8, 605 hours, extensive factory options, under-cockpit ballast, premium comfort features, and an upgraded tri-axle trailer, this boat deserves a close look.
