diesel

YW# 75837-2493180

The Catalina 42 MarkII has earned an international reputation as the leader in her class. Design, cruising performance, and comfort, all make the Catalina 42 the first choice of sailors worldwide. The hull of the 42 MkII is high volume, and easily driven, with a fine entry, firm midship section, and smooth run aft terminating in a modified reverse transom with an uncommonly spacious and functional boarding platform. Each of the four different cabin arrangements feature varnished teak joinery, ash hull side paneling, excellent light and ventilation. This model is available in three layouts: the Three Cabin Pullman model

offers two staterooms aft and the traditional placement of the owners stateroom and spacious head forward with stall shower; the Two Cabin Pullman model offers the traditional mid-ship placement of the owners stateroom and spacious head forward with stall shower; the Two Cabin Centerline model offers cruising couples an alternative v-berth configuration for the owners stateroom and forward head arrangement.
