Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

What a great opportunity to own a large party cruiser
or potentially commercial use tour boat.

This 40 foot, ten foot wide beam with hard top Crest
quad toon with twin Yamaha 115 Four Strokes can
hold 30 passengers commercially when certified by
the Coast Guard. Currently, the boat does not have
that certification due to a weld on one of the toons
that has a half inch tear and because the Captain has
passed away the owner has decided it is time to part
ways.

This boat has spent its entire life on the same freshwater lake. It comes with all gear shown in the photos and can go out for private cruises as is and may be able to get commercially certified as is on inland lakes that do not have access to the ocean. Another option could be removing the two center toons which would bring the passenger capacity back to 20.

There are 6 different pressure test tubes in all four toons and an enclosed porta-potty head.

We are looking for people all over the country who share our love for boats. If you have a passion for our product and like the idea of working from home, please visit [SellBoatsAndRVs \[dot\] com](http://SellBoatsAndRVs.com) to learn more.
