Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

2021 Sun Tracker Bass Buggy pontoon boat with
Mercury 60 four-stroke command thrust engine.

The Bass Buggy is a great pontoon boat and there
are plenty of reasons why.

For one, this boat has a nimble and easy-to-tow 20'
length overall, but still provides plenty of playpen
room for a crew of eight. Speaking of the
playpen--inside the tall railings (great for boating
with kids!), you'll find all the features anglers want
on a fishing boat, rod holders, four fishing chairs and
pre-wiring for an optional fishing package.

And there's still room for the entire crew to relax
under the bimini top and enjoy the day!

The seller states that this is a very easy boat to
trailer, both launching and loading at the end of the

day.

The only thing that's needed is a new owner.
