Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

496 Mag Mercruiser Engine With Low Hours!
Ready For Fun On The Water!

Cobalt is one of the highest quality boat builders in the industry and you would be hard-pressed to find a better example of a 2002 226 model than this one. This boat is a two-owner freshwater boat. The gel coat and upholstery show like a much younger boat with no cracks or fading anywhere.

With seating for 11, the whole family will enjoy a day on the water. The tow post can pull your favorite toys. The 375 horsepower Mercruiser engine gets her up on plane quickly and her vee hull smoothes out the ride for all-day cruising and watersports.

Throw out the anchor in your favorite cove and lounge on the padded aft sun pad that can be expanded over the transom walk-through. The swim platform includes a built-in cooler as well as remote

stereo controls.
