Located in Morgan City, Louisiana (100 miles West of New Orleans), this 19-foot used Vexus has less than 50 hours on a Yamaha 115hp SHO engine.

This 189 Crappie model was designed by fishermen and it shows with all of its innovative features, such as the recessed foot pedal and fish finder mounted on a gimbal. The reverse hinged lid on the front live-well, Flo-Rite drain plug, and their patent-pending intensive care live-well system.

There is a lockable rod box on the port side that can fit five 10ft rods easily. Two Garmin fish finders and two live wells plus the aft one has a divider.

The trailer is custom-made by Vexus, color-matched, and the boat has a custom full cover with built-in ratchet straps and vents.
