Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. Sellers bought the boat in 2017, and have only used
it once or twice per season. It is always stored inside
in the winters. They have it professionally cleaned
and tuned up each year. It is winterized and in
storage now.

When they purchased it they had a mechanical
inspection and survey, but because of purchasing a
vineyard they have not been able to use it.

They lived 25 minutes from Marina, and would just
go sit on the boat to watch the sunset or fireworks.
The boat has beautiful classic lines, and she just
loves it for that reason.

It drives beautifully and is a head turner whenever they took it out on the water.
