Haynie is a well-known brand specializing in the production of high-performance bay boats and flats boats, particularly popular for fishing in shallow waters.

This Haynie boat has been designed with the needs of anglers in mind. It includes features like a spacious casting deck, multiple rod holders, live wells for storing bait, a Minn Kota Terrova trolling motor with 12 lbs thrust 38 volts with I-Pilot, and twin power poles.

This Haynie boat is powered by a 2021 Mercury Verado 300-horsepower engine.

This Haynie features a raised center console design,

providing a centralized location for the helm and controls. This design is often preferred by anglers for its open deck space and improved maneuverability.
