The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. 2-Stroke Outboard. Fully equipped and ready to go
inshore fishing today!

This 2005 Shearwater 24Z is located in Bradenton,
Florida. It was purchased around 2016 by the current
owner. Annual maintenance has been performed
every year.

She is powered by a Yamaha 250hp HPDI 2-stroke
outboard with a stainless steel prop. Although this is
a 2-stroke it is extremely fuel efficient and was one
of Yamaha's best engines in the 2000's.

Additional features are an 8' Talon Power Pole and
Jack Plate to get you into the skinny water!
Electronics include a GPS and fish finder.

The hull is wired for and ready for a trolling motor

but a trolling motor is not included.

There is a total of (4) live wells onboard and abundant rod storage in the front storage lockers.

She sits on an Ameratrail aluminum trailer in very good condition. However, the tires are over 7 years old and would need to be replaced for a long trip.
