Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

2011 Skeeter FX21 Well Maintained! boat with
Dual 1042xsv Garmin

This 2011 Skeeter FX21 is in excellent condition both inside and out, and it's incredibly fast. The Yamaha 250 HP four-stroke engine is economical and quiet and provides enough power to take you wherever you want to go on the lake, reaching speeds up to 70 miles per hour. When locked into the captain's chair, a hot foot pedal or hand throttle adds more control when navigating the lake.

Once you reach your fishing spot, you'll find a nice Live Scope fish finder/GPS/Depth gauge on the control panel and one on the boat's bow near the front seat. This is great for fishing enthusiasts. Two power poles on the aft of the boat keep the boat steady in one spot in waters ten feet or less.

The storage on this boat is great, with storage on each side of the live wells and rod and tackle storage

in the bow. There are also two coolers in the aft, a small one near the passenger seat, and a dry box for wallets, sunscreen, etc.

The trolling motor on the boat's bow also provides 112 pounds of thrust, making it easier to access tight spots, especially with this Skeeter's shallow draft.

This 2011 Skeeter FX21 has a low profile and looks great on the lake while transported on its original trailer, which is equipped with momentum brakes.

This listing has now been on the market a couple months. Please submit any and all offers today!

Reason for selling is not using enough.
