Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

Twin Yamaha TR-1 engines, seats up to 10, Bimini, Upgraded Sound system, Upgraded Batteries, Includes Trailer, Extended Warranty!

Grab your crew and the cooler and get ready for a great day on the water! The twin TR-1 engines provide plenty of pulling power in the Yamaha AR210. The boat seats up to 10 with wrap-around seating in the cockpit and bow seating. The sound system has been upgraded. This lightly used 2022 Yamaha AR210 includes a trailer so you can enjoy other lake adventures.

The transom swim ladder is center mounted with a grab bar to assist in re-entry from the water. The stern is bi-level with beverage holders to either side and seat backs facing the water. There is a soft decking added to provide comfort and better traction.

The bow seating consists of a pair of forward-facing seats with hinged base that opens to reveal storage. Filler cushions can be added to create a forward sun pad.

The wrap-around cockpit seating runs from just behind the walk-thru windshield along the transom and ends just behind the helm seat. The two rear seat bottoms open on hinges to reveal storage. There is a cockpit table that can be set up for snacks or games and conveniently stowed in a locker in front of the helm. The aft portion of the bench seat has center removable cushion that saves the vinyl and creates a walkway into the cockpit.

There are upgraded Wet Sounds speakers, beverage holders, and grab rails throughout the cockpit.

The helm has a bolster seat that can be adjusted forward/back and swivels. The helm dash is equipped with a digital display for monitoring the boat's systems.

The Yamaha AR210 is also outfitted with a No Wake/Cruise Assist system.

The single lead battery has been replaced with two AGM batteries and switching gear for better efficiency.

The cockpit has a snap-in flooring and an in-floor storage locker.

The Yamaha also comes with a wake tower with integrated Bimini top. The tower can be lowered for easy storage in a garage.

The tandem axle trailer includes a spare tire and has a breakaway hitch. The trailer lights have been upgraded to LED.

A Yamaha boat cover is also included to protect and store the boat when not in use.

There is an extended warranty that can be transferred good until 7/2027.
